

KEYSTONE
CMT

A collage of various materials and textures including leaves, wood, stone, and fabric samples. The background is a dark, textured surface. In the top left, there are large, dark, glossy leaves. Below them is a wooden bowl. In the center, there is a large, light-colored rectangular area with a speckled texture. To the right of this area are several smaller, rectangular samples of different materials, including wood and stone. At the bottom, there are several small, hexagonal samples of different materials, including wood and stone. In the bottom left corner, there is a wooden bowl containing some dried, light-colored material. In the bottom right corner, there are several vertical, rectangular samples of different materials, including wood and stone.

We design unforgettable & remarkable places to provide people with an amazing experience.

MEETING
MONDAY
10:00!

We create a detailed strategy to transform a concept or an idea into a visual shape or media. It's a very important process as no project can start without it.

We provide clever solutions to build a smart building, like mechanical functions, monitors, lighting, security, HVAC and ventilation systems.

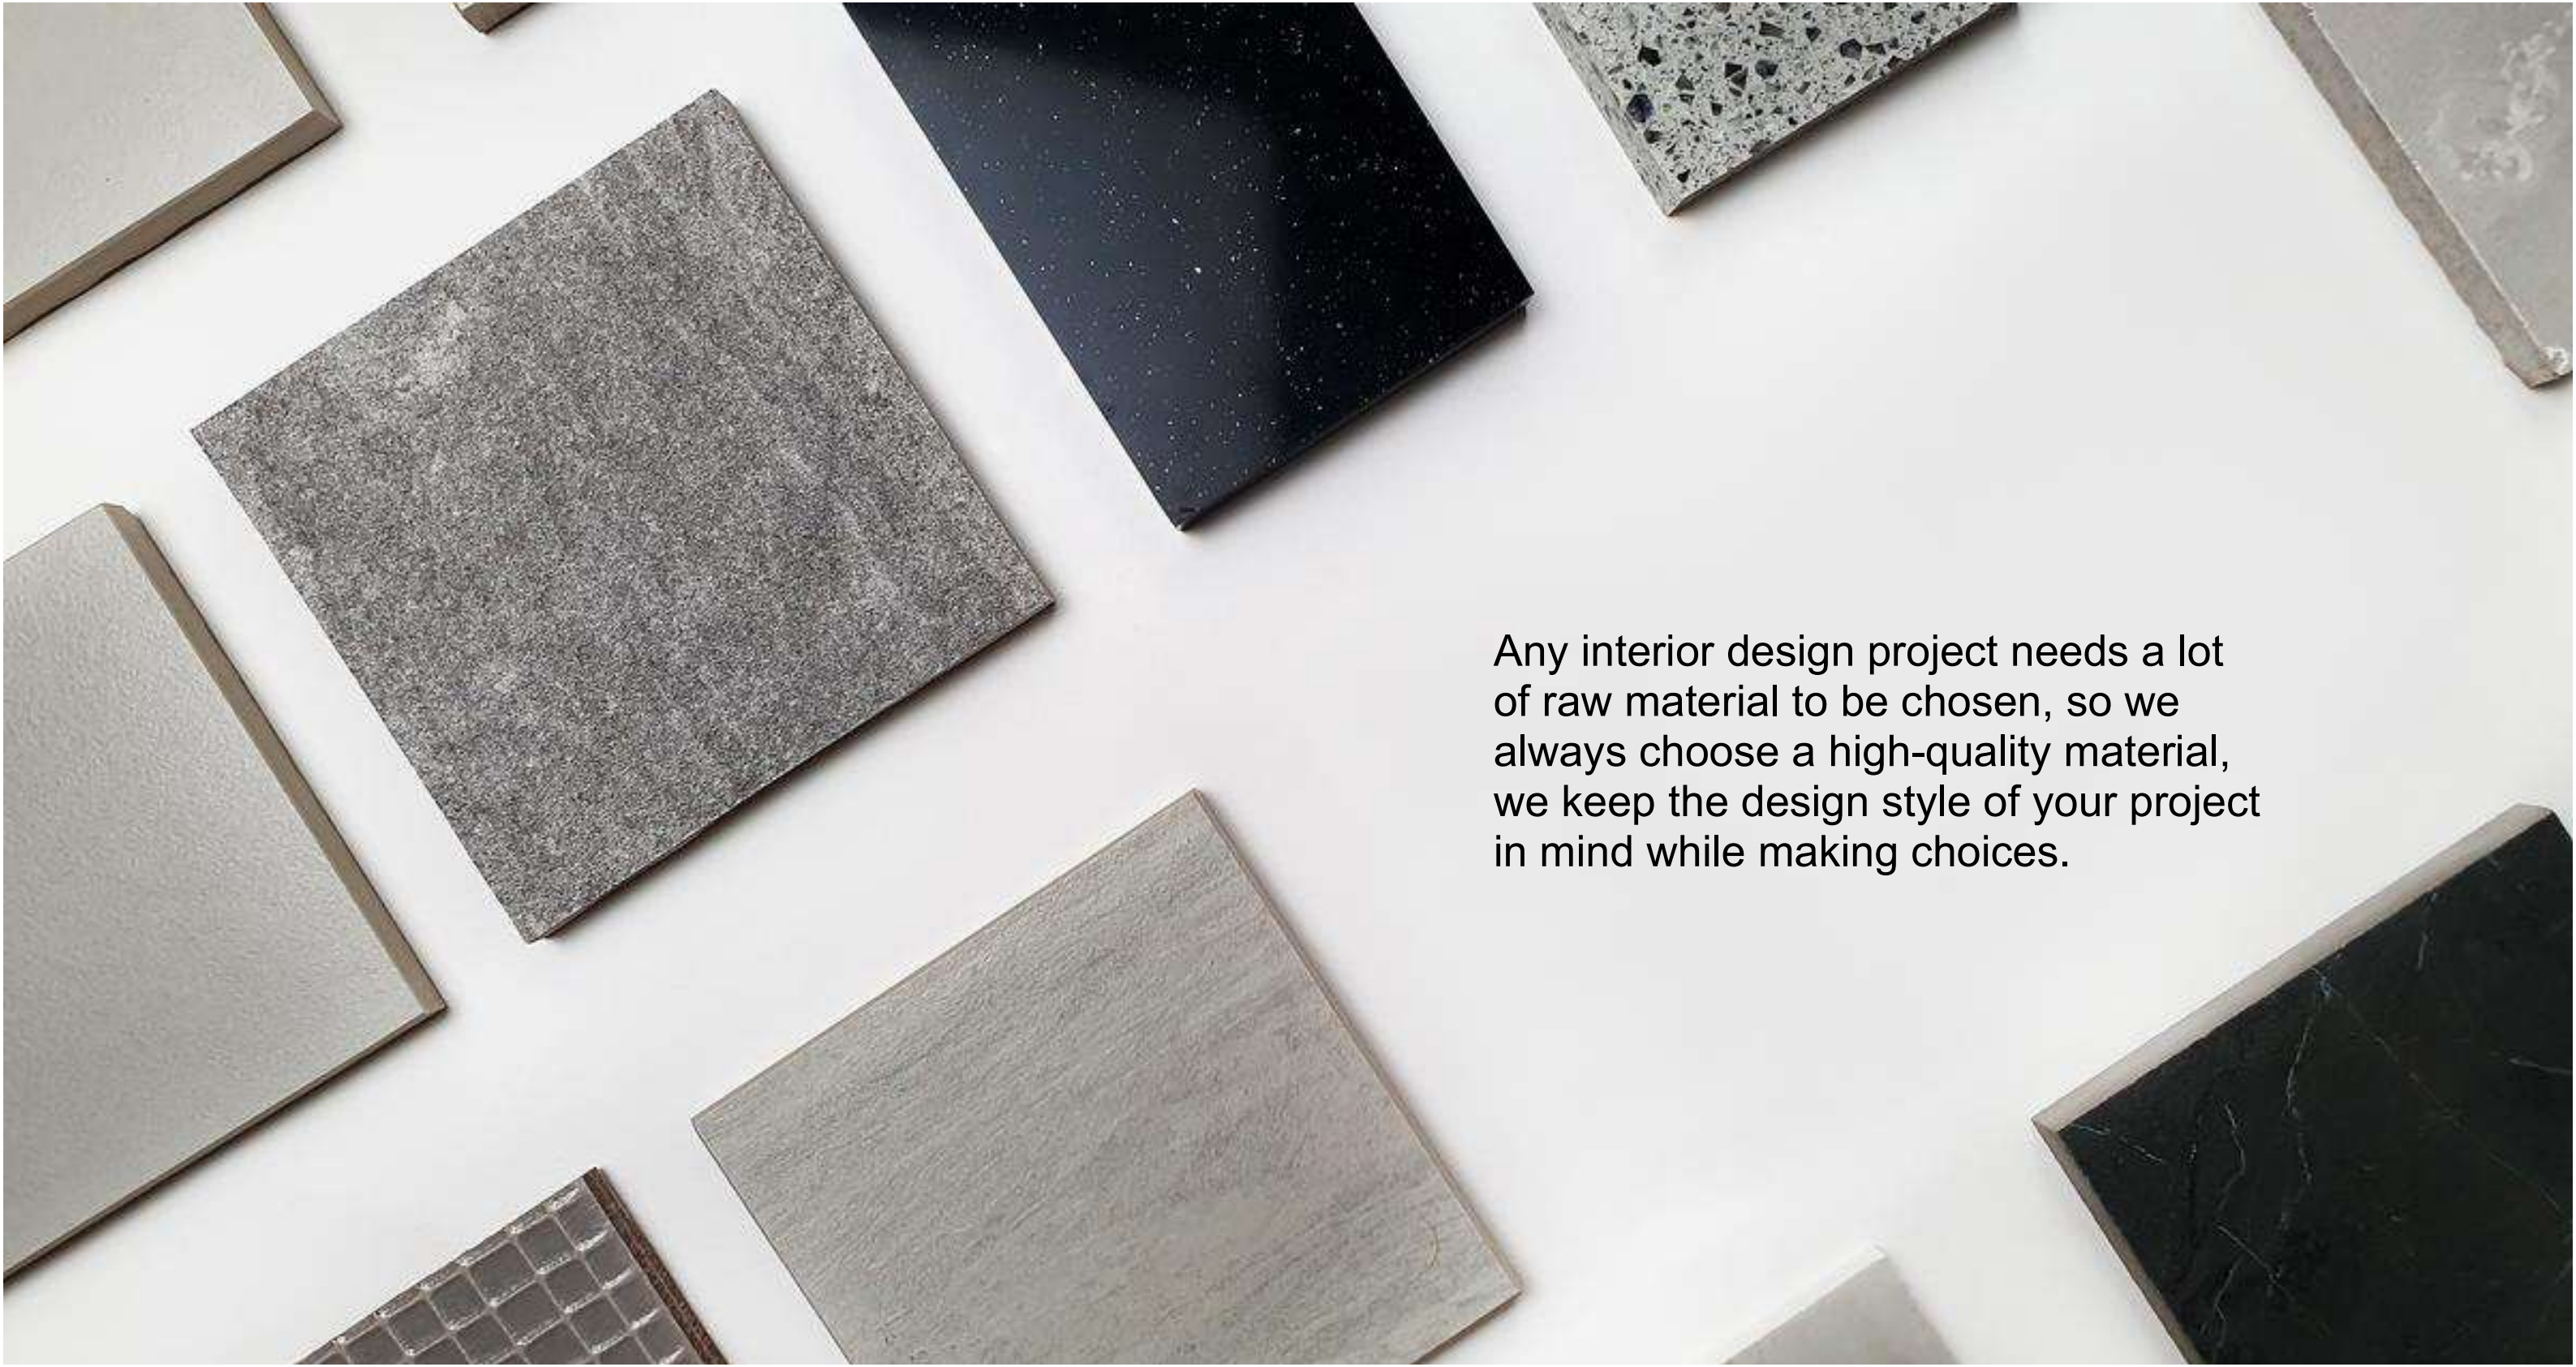

Detailing 3D modeling allows you to create detailed drawings and a digital representation of the entire building.

We provide distinctive designs because our design team has a keen awareness of the latest design trends and concepts that will complement the overall architecture.

Any interior design project needs a lot of raw material to be chosen, so we always choose a high-quality material, we keep the design style of your project in mind while making choices.

We respect the deadline to achieve effectiveness and to be sure that we are meeting the long and short-term goals.

Detailed BOQ's are implemented and customized to suit the client needs.

We provide maintenance for all our services to avoid any future damage and ensure that everything is great.

PAYMENT METHODS

Price per m2

Global target rate that suits your budget.

Phasing BOQ's

Detailed activity list with a predetermined amount.

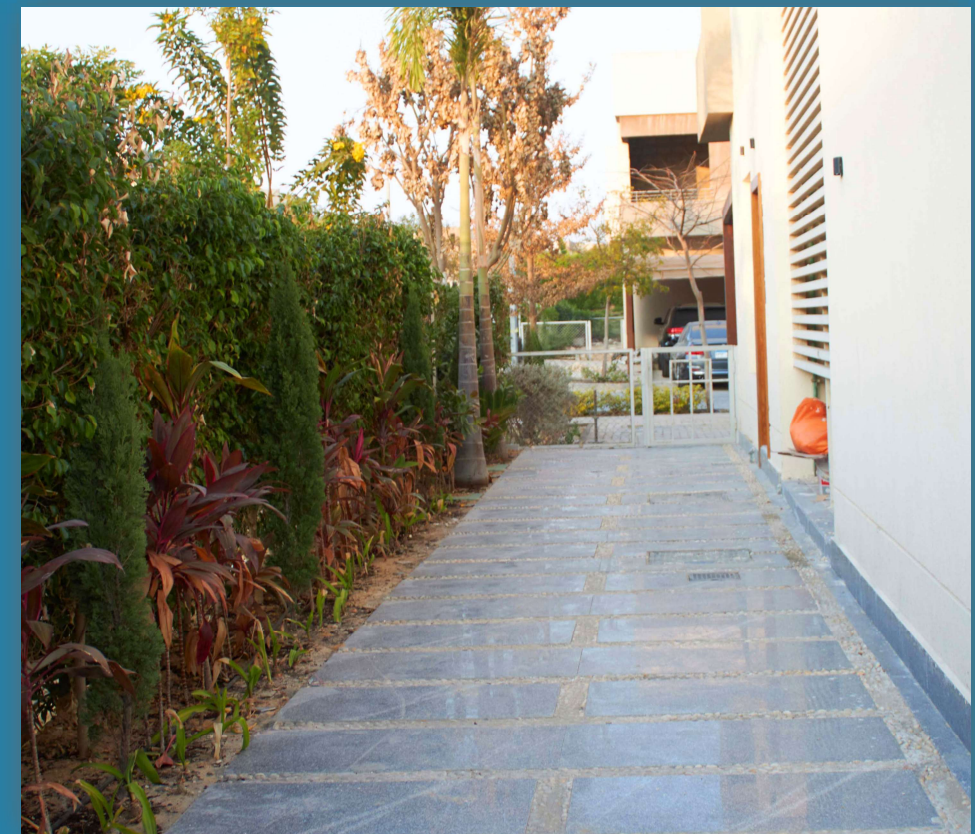

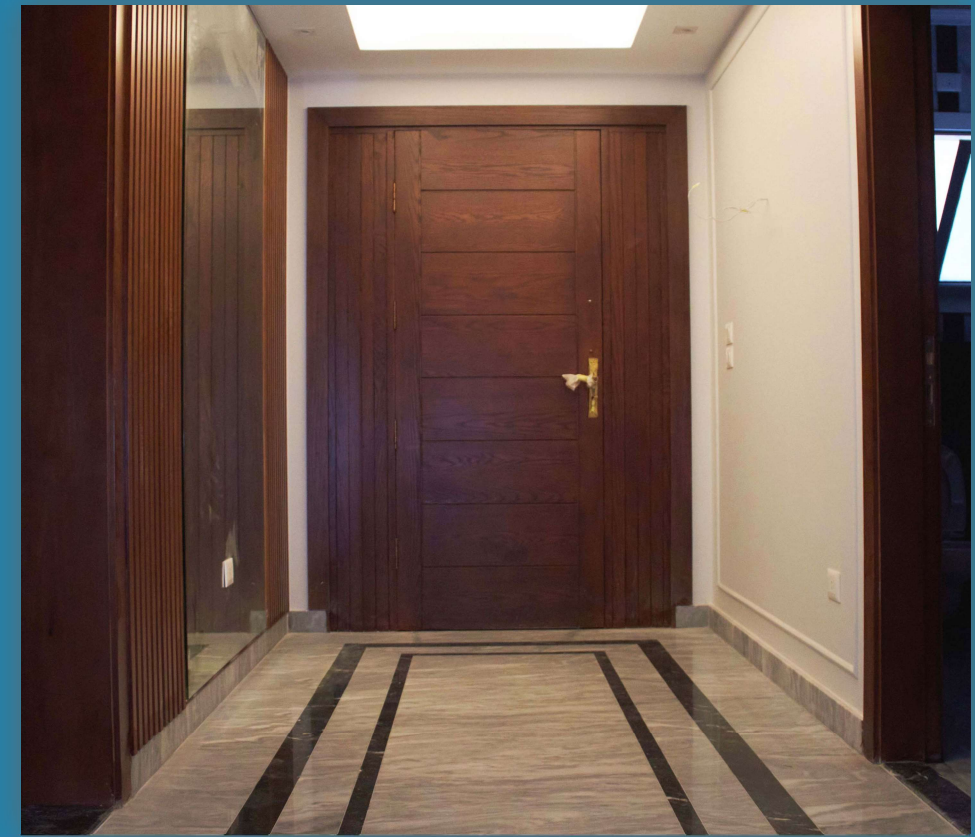

The scope is split into separate, flexible, independent stages tailored to your investment plans.

Cost Plus

Open book expenses plus the agreed margin.
